

Directions to St. John's for dropping off food :

From Madison Street, turn left onto St. John Street, one way going west. Pull into the Rectory Driveway located between the Church and the Rectory Building, and you will see the Education Building in front of you. Park temporarily there in that one-way driveway while you take in your food. Enter at the FIRST door at the east end of the Education Building and take your food down a few steps and go into the kitchen. You will need to knock or ring the doorbell if no one is standing at the door. Parking is extremely limited there, so move your car as soon as you can so that others can get in as well. If you are staying to serve, once you have delivered your food, please move your car around to the parking lot next to the school entrance off Jackson Street. Ring the doorbell at that big entrance and then go into the kitchen to sign in.
